

"Happy Birthday Southern Stars" 20th

What is a birthday without a great party and friends.... NOTHING!

That's why Southern Stars celebrated their 20th birthday with over 45 of their closest ceramic friends in Laughlin Nevada.

Our annual retreat was turned into a birthday party that was second to none, featuring 6 great projects and lots of great ideas shared by all the guests.

Three special guests were in attendance these are some of the founding members of Southern Stars; Dru Woodward, Aprille Johnson and Joyce Wright (see photo top right). They were honored at the dinner celebration for their commitment to ceramic education and Southern Stars.

As always there were many wonderful donations to the silent auction and many happy winners!
